### **A Fantastic Show**

I hired Matt Snow with a pianist for a Surprise 90th Birthday Party for my Mom. He put on an excellent show! Very professional, came in set up very quickly and quietly. Then changed into a tuxedo which really added class to the show. He played all the songs you wanted hear and took requests. He danced around and had a lot of trivia about Frank Sinatra to add in between numbers. He even danced with mom, I think she fell in love with him, just like the rest of us. I would hire Matt Snow again in a minute, very reasonably priced. He really made it a special memory for me, my mom and the rest of my family and friends.
