

## ERIC PLUMMER TESTIMONIAL

Eric is Community Liasson for The Anderson, a Health Rehab organization in Suburban Cincinnati, which provides inpatient recuperative and rehabilitation care for the elderly. As a form of outreach, his company asks him to provide entertainment to various senior groups in the area, so he can introduce his company to folks prior to any need which may arise. He was referred to The Cincinnati Sinatra by a local Retirement Community's Activity Director, who had rave reviews about this Sinatra Tribute Show, so he hired Matt Snow for an afternoon's performance at Sutton Grove Senior Apartments. Was he glad he did!

### Great entertainment.

We hired Matt to perform for a group of older adults who enjoy Frank Sinatra's music. He gave a very professional performance with fun comments between songs, and was clearly having fun singing and dancing for the crowd. He was very engaging, singing directly to several individuals throughout the show. Several people commented afterward about how much they enjoyed the show, and thanked me for bringing Matt in to sing for them.
