## Quality entertainment that was the hit of the party!

We booked Matt Snow, The Cincinnati Sinatra for our parents 50th Anniversary party as he is their favorite live entertainer . Matt arrived promptly and was ready to play as the guests arrived . He took requests and served as emcee for the event . He provided show business quality entertainment along with his wife, Patti who assisted him as Marilyn Monroe. I would not hesitate to recommend The Cincinnati Sinatra for anyone looking for class act entertainment for their event .
