

MELODY STOUFFER TESTIMONIAL

When Melody Stouffer, a busy sales and marketing executive who travels a 30+ state-territory most every week, went online to search for entertainment for her dad, Mel Pistor's 80th birthday party, she wanted something more than just a DJ; She was hoping to find a Marilyn Monroe who could sing happy Birthday to him. She did find America's Favorite Marilyn Monroe, a member of The Casino Players Ensemble, but then learned that she could also get The Nation's Longest Running, Most Booked, Top Rated Frank Sinatra Tribute Act as well, have them DJ and MC the event AND perform, and the Frank guy also did a killer Dean Martin Spoof! Needless to say, she is a believer...

RECOMMEND:

The choice of Matt and Patti for our Father's 80th Birthday party couldn't have been any better. Matt was very thorough in questioning us about song choice and the way we wanted everything to go, Dinner, cake, ect..the entertainment was involved with our guests and kept everyone happy and they were totally professional and professionally dressed. Mel the Birthday Boy was all smiles all afternoon and every time he talks about the party. I will recommend Matt and Patti to several friends with upcoming events. The Best Testimony is no one wanted to leave at the party's end. Very enjoyable day for all!!
