

When Kristin Mikaloff, through Gig Salad Online, contacted Matt Snow and The Casino Players Ensemble for Wedding Entertainment, she discussed her goals, and upon hearing our suggestions she said, "Oh My God, I did not even know that I wanted a Frank Sinatra-Style MC, DJ and Singer at my wedding!"

Breaking with pre-conceived notions, she went with it and here was the result...

Astonishingly Amazing Entertainment

Matt Snow provided us with excellent entertainment for our wedding. My guests bragged about how thrilled they were to listen and dance along with Sinatra. Many of my guests said they enjoyed being around Matt because of his pure enjoyment that he radiated while performing for us. Matt was also a huge help during the planning of our wedding. He provided a structure for my husband and I to build upon, and he took all of the stress away! You can tell that Matt has been in the business for awhile from the ease with which he handles any situation. My family made last minute changes to the ceremony and Matt was able to accommodate them and turn impromptu into what seemed to be something intentional. Not only that, Matt was very sincere about how much he enjoyed the evening with us! Thank you Matt, for making the evening one we will never forget! Your skills made the evening whimsically magical for all of us! We had a one of a kind wedding and did not have to worry that our guests were entertained. We will never forget how beautiful that night was while dancing to the very talented Matt Snow.
