

The Cincinnati Sinatra is simply the best

From our very first meeting, we knew Matt would be wonderful to work with. He is very professional as well as easy going, friendly, and a lot of fun. We could tell that he really cared about making my daughter's wedding reception a very special event, and he did! I had so many people come up to me after my daughter's wedding reception to tell me what a wonderful time they had. I have been to many wedding receptions where the parents of the bride are having to work frantically all evening, but Matt and his wife Patti did an excellent job at making the evening run smoothly giving me the time to enjoy our guests and have a really great time myself, and they made it look effortless! I didn't have to worry about a thing! I can't thank them enough and would tell anyone who asked to look no further than "The Cincinnati Sinatra" for the very best in wedding entertainment

Response from Matt Snow, "The Cincinnati Sinatra":

If you ever had a chance as an entertainer to work for people such as these, you would count your lucky stars to be involved with the Hicks-Huffner family! Thanks, Laurie, and all the best,
Matt
